

My dear Miss Davies!

I write immediately to tell you how pleased I am of the many good news from you, about Anne Schumann etc etc. But I am guilty of having quite forgotten Birmingham. When is your concert there to be. If you will let me know the date I will see how it can be managed. I told Arthur Ch: that I would like to play less often in the week, but that he might add one if necessary. Certainly I

do not want to give up your concert
and would rather make an
effort for it. Let me
hear at once about it, and
I will then write to Arthur.

I have been in Tarasp since
the 8th August, and mean to
stay another 12 days, drinking
and bathing for my fingers
sake, although I would
much prefer to travel about
in Switzerland. Fortunately
this is a most beautiful spot
with plenty of nice walks.
Johannes, my eldest son is

with me. From here I shall go to
Heiden am Bodensee (near
Borschach) for I want to
pay a visit to Herzogenburg
whom I have not seen since
his beloved wife's death.

The temptation to go to Caden-
abbia and see Pitti and
Mme Schumann is certainly
very great, but I am afraid it
can't be done!

Hoping to hear soon from you and
with best greetings to Miss Frost
